*Bernard Bigot, ITER Director-General 2015-2022*

*SAINT-PAUL-LEZ-DURANCE, France (14 May 2022) | Bernard Bigot, Director-General of the ITER Organization since 2015, passed away on 14 May 2022 at the age of 72 due to illness. His premature death will be felt with the greatest sadness by all those who were privileged to work alongside him in the many domains where he left his mark, a very personal blend of dedication and rigour. The ITER Organization, its staff and collaborators, and its international partners extend their sincerest sympathy and condolences to his family and loved ones.*
