ITER Member support: The Council noted that the ITER Organization and its collaboration partners are facing unprecedented pressure due to the pandemic and the difficulties encountered in manufacturing some of ITER's First-of-a-Kind components. The Council encouraged all ITER Members to meet their in-kind and in-cash commitments to enable the successful implementation of the construction strategy on schedule. The Council requested the ITER Organization and its collaboration partners to take all possible measures to ensure Fusion Power Operation in 2035 as currently planned.

Council Members reaffirmed their strong belief in the value of the ITER mission, and resolved to work together to find timely solutions to facilitate ITER's success. The Council congratulated the One-ITER Team on the commitm
