

IO/21/OI/10027931/A.I

The purpose of this summary is to provide prior notification of the IO intention to launch a competitive Open Tender process in the coming weeks. This summary provides some basic information about the IIR Organisation, the technical scope for this tender, and details of the tender process for Final design, qualification, and supply of the Port Plug Mechanical Instrumentation (PPMI) optic fibre feedthroughs.

institutions or other entities about the tender opportunity in advance _____

Step 2- Invitation to Tender (ITT) :

Within 14 days of publishing the Prior Indicative Notice (PIN), the Invitation to Tender (ITT) will be advertised. This stage allows interested bidders who have seen the PIN to obtain the tender documents and prepare and submit their proposals per the tender instructions.

Step 3- Tender Evaluation Process:

Tenders' proposals will be evaluated by an impartial, professionally competent technical evaluation committee of the IIER Organization. Tenders must provide details demonstrating their technical compliance to perform the work in line with the technical scope and per the criteria listed in the invitation to tender (ITT).

Step 4- Contract award:

A Supply contract will be awarded based on best value for money according to the evaluation criteria and methodology described in the Invitation to tender (ITT).

The tentative timetable is as follows

Milestone	Date
